

Joliet Township High School District 204

Calculator Recommendations

All Grades 9, 10, 11 and 12

Technology is an important tool that will assist your student through all 3 math courses required for graduation. It can be used on the ACT test and will be useful in many college level math courses.

- Ask your teacher or check your class syllabus for specific calculator recommendations.
- For product information go to www.education.ti.com
- Watch for beginning of the school year sales at various local office supply stores.

Here are some suggested options

TI NSpire CX

TI NSpire

TI 84 Plus

TI 83 Plus
