

SB 550 Lead in water testing notification

Dear District 204 Families,

Joliet Township High School District 204 has conducted lead in water testing in accordance with SB 550 (Public act 099-0922). Joliet Township High School District 204 collaborated with its environmental consultant to identify the potable water sources covered under the legislation. The test samples were submitted to an accredited and certified IEPA laboratory for lead analysis. All the test results were below the mandated threshold of five parts per billion (5ppm) and submitted to the Illinois Department of Public Health in compliance with SB 550. The test results will be available for viewing at the Administrative Center located at 300 Caterpillar Drive Joliet, IL weekdays between the hours of 7:00a.m. to 3:30p.m.
